Presented by the Building Inspection Experts from ProTech IB

Agent Edition • Volume 1, Issue 1

## Residential Pyrite Issues: Look Out For the Symptoms

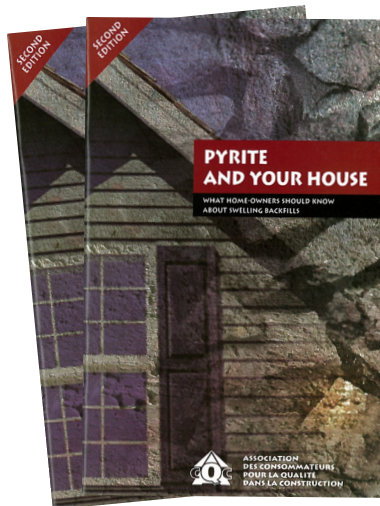

Does the word Pyrite scare your customers? Horror stories of crumbling foundations caused by Pyrite swelling causes sellers to panic and buyers to run.

ProTech IB has the tools and the know-how to properly detect, assess and propose solutions based on obvious damages and subtle symptoms.

We provide buyers and sellers with an easy to read booklet that provides them with all the facts they need to make the right decisions based on reason not emotion.

Call or email us to receive your free copy of Pyrite and Your House.

## The ProTech IB Difference

Your home sellers and buyers pick you to represent them in life's biggest investment. Who do you pick to represent you when it comes to clear the final hurdle, the Building Inspection? ProTech IB is a highly professional brand that is built on objectivity, dedication to detail, knowledge and advanced Building Inspection technology. Calling the Professionals at Protech IB ensures your customer relations will last well after closing.
